Pediatric Issues Informing Current and Future Disaster Planning

October 3, 2024

The opinions expressed in this presentation and on the following slides by non-federal government employees are solely those of the presenter and not necessarily those of the U.S. government. The accuracy or reliability of the information provided is the opinion of the individual organization or presenter represented.

TRACIE

HEALTHCARE EMERGENCY PREPAREDNESS
INFORMATION GATEWAY

Rachel Lehman
Acting Program Director, ASPR TRACIE

ASPR Key Priorities

ASPR TRACIE: Three Domains

- Self-service collection of audience-tailored materials
- Subject-specific, SME-reviewed “Topic Collections”
- Unpublished and SME peer-reviewed materials highlighting real-life tools and experiences

asprtracie.hhs.gov

- Personalized support and responses to requests for information and technical assistance
- Accessible by toll-free number (1844-5-TRACIE), email (askasprtracie@hhs.gov), or web form ([ASPRtracie.hhs.gov](https://asprtracie.hhs.gov))

1-844-5-TRACIE

- Area for password-protected discussion among vetted users in near real-time
- Ability to support chats and the peer-to-peer exchange of user-developed templates, plans, and other materials

askasprtracie@hhs.gov

Pediatric Disaster Centers of Excellence

Deanna Dahl-Grove, MD, FAAP, Region V for Kids

Brent Kaziny, MD, MA, FAAP, Gulf 7 - Pediatric Disaster Network

Christopher Newton, MD, WRAP-EM

DISCLOSURE

The Pediatric Disaster Centers of Excellence are supported by awards from the Administration for Strategic Preparedness and Response within the U.S. Department of Health and Human Services (Gulf7 #6 U3REP220671-01-01, Region V for Kids #U3REP190615-10-10, and Western Regional Alliance for Pediatric Emergency Management #6-U3REP190616-01-02).

THE NEED

Recent health crises exposed and exacerbated disparities: mental health crisis, respiratory surge, COVID-19.

Disproportionate risk, limited resources and infrastructure, and high consequence outcomes!

25%

Children make up $\frac{1}{4}$ of the population
and have unique healthcare needs.

47.5%

Of hospitals have a pediatric-
specific disaster plan

30 MILLION

Children receive emergency care
each year

69.5/100

Median score of emergency departments'
pediatric readiness in the U.S.

Timeline

2019

- **1984** – EMSC program authorized
- **2012** – Launch of National Pediatric Readiness Project
- **2016** – EMSC Innovation & Improvement Center replaces the National Resource Center

- Launch of **Prehospital Pediatric Readiness Project**
- ASPR Launches two **PDCOE**s (WRAP-EM & Region V for Kids)

- **2021-2022** – Creation of Pediatric Pandemic Network
- **2022** – ASPR adds **Third PDCOE** (Gulf 7)

Regional Disaster Health Response System (RDHRS)

- RDHRS 1 (Northeast)
- Region 7 (Central)
- Mountain Plains (Colorado)
- Region 4 (Emory)

RDHRS Goals

The four primary goals of the RDHRS are to:

Three Pediatric Disaster Centers of Excellence (PDCOE)s

- Funded by the Administration for Strategic Preparedness and Response (ASPR)
- Bring together children's hospitals, private and public entities, and national organizations
- Designed to disseminate best practices in pediatric disaster preparedness, response, and recovery on a regional level

Gulf 7-Pediatric Disaster Network

- Awarded in 2022
- Anchored at Texas Children's Hospital (Houston, TX)
- 7 states/territories: Alabama, Florida, Georgia, Louisiana, Mississippi, Puerto Rico, Texas

Western Regional Alliance for Pediatric Emergency Management (WRAP-EM)

- Awarded in 2019
- Anchored at UCSF Benioff Children's Hospital (Oakland, CA)
- 6 states: Arizona, California, Nevada, Oregon, Utah, Washington

Region V for Kids (formerly EGLPCDR)

- Awarded in 2019
- Anchored at UH Rainbow Babies & Children's Hospital (Cleveland, OH)
- 6 states: Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin

ASPR's

Vision of

Pediatric

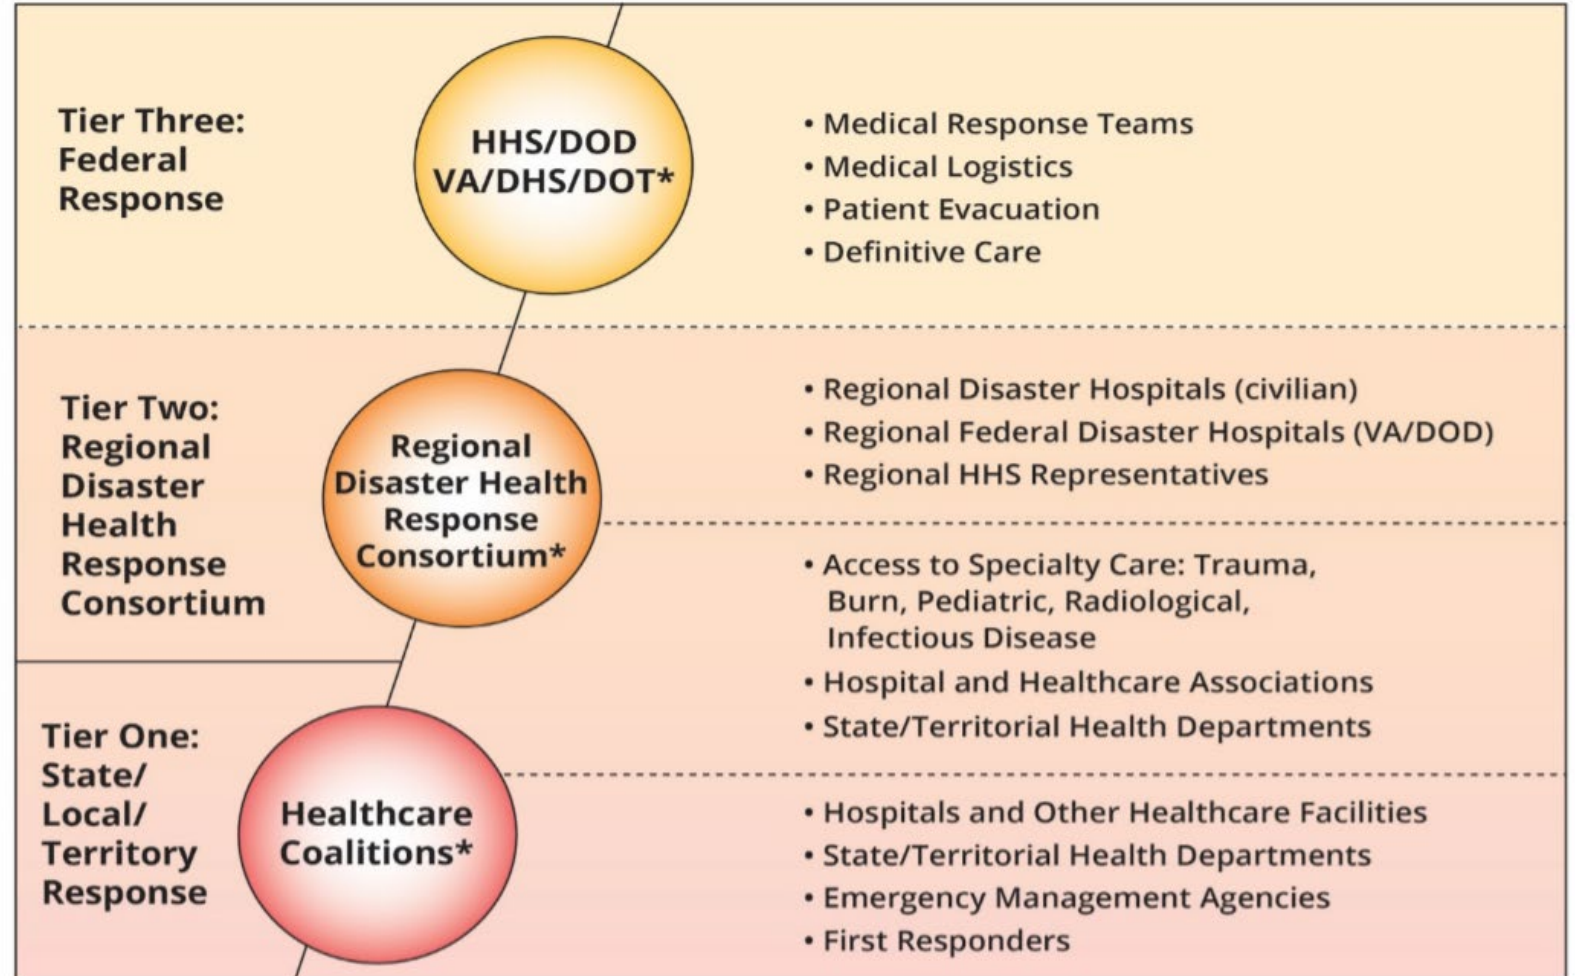

Disaster

Centers of

Excellence

21st Century National Disaster Medical System Framework A Tiered Response Structure

*Disaster response coordinating entity at the local/state, regional, and federal levels.

WRAP-EM
Western Regional Alliance for
Pediatric Emergency Management

Federally Funded Networks for Children in Disasters

Pediatric Disaster Landscape

Core Principles

Public private
partnership

Equity between
states

Collaborative
academic
environment:

No Ego

Talented staff
that is shared

Simple and constant
communication

Operations
focused

PDCOE Pillars

- **Develop** a coordinated pediatric disaster care capability
- **Strengthen** pediatric disaster preparedness plans and coordination
- **Enhance** state and regional medical pediatric surge capacity
- **Increase** healthcare professional educational competency
- **Enhance situational awareness** of pediatric disaster care across the spectrum

The PDCOE's are Making a Difference Today

HOW WE CONTRIBUTE TO PEDIATRIC PREPAREDNESS CAPABILITIES

- Approachable subject matter experts
- Trusted Consultation: preparedness & response efforts
- Real time situational awareness in region
- Identify gaps in addressing pediatric-specific concerns
- Create resources to educate pediatricians, hospitals, and caregivers of children
- Discussions inclusive of health disparities & inequities

PDCOE Partners

The PDCOE's: WE ARE HERE FOR YOU.

PDCOE in Action

- Respiratory surge
- Responded to our regional healthcare coalitions (HCCs)
- Real-time situational awareness
- Disseminated tools for just-in-time
- Participated in 10 ASPR-hosted regional webinars to listen to HCCs, hospitals and others
